MESSAGE FROM THE HEAD

One of the things I have noticed on my walk around school this week is how confidently children are using key vocabulary and can explain the meanings of the more technical words that they are learning in context. Speech and language are such core skills and the development of these are necessary to enable the children to be able to access not just their learning but to use it within social circles too. Next year we plan to share the key vocabulary that the children are learning in their topics with you so that you can continue these conversations with them at home. It is also fantastic to see how this is supporting the children with the development of their wider general knowledge.

I have also been super impressed with children who have been keen to share what they have been learning about and love walking into classes where I am immediately presented with work that the children are proud of! It is always lovely to hear them talk about why they are sharing their work and what they are learning within lessons.

I hope you all have a lovely weekend.
